

# The Best of SLO CAL

Allow Vespera on Ocean to help make your SLO CAL vacation unforgettable. 80 miles of beautiful California coastline are calling your name. Meander along dramatic coastlines, surround yourself with ancient volcanoes (there's nine of them aptly named the Nine Sisters) and rolling green hills to find the real hidden gems. There's so much to do and see on the Central Coast!

HOTELS

## HIT THE BEACH

Pismo Beach and Pier are just steps from our hotel.

*PRO-TIP Keep your camera ready during the months of June and July because you may spot a migrating humpback whale lunging out of the water as it feeds in the harbor.*

## TAKE A HIKE

Explore Pismo Preserve for unforgettable views, trails, bike rides, and horse rides. SLO CAL has multiple hiking trails to choose from, some with swings at the top. Reservoir Canyon, Avila Ridge Trail, Serenity Swing, and Broderson Park are some of our favorites.

*PRO-TIP Reward yourself with a refreshing post-hike pint at one of SLO CAL's craft breweries. After all, you deserve it! Check out Pismo Brewing Company, The Boardroom, or Bittersweet Brewing Company.*

## IMMERSE YOURSELF IN LOCAL FLAVOR

Thursday Night Downtown SLO Farmers Market, from 6–9pm. Meander among 120+ local produce, meat and artisanal purveyors while listening to different live music acts on every block.

## FOLLOW THE SLO CAL WINE AND DISTILLERY TRAIL

With over 250+ wineries and a budding craft distillery movement happening throughout the county, you're sure to have a fun-filled and educational day among the vines. Book a wine tour with Breakaway Tours for a hassle-free day of tasting in San Luis Obispo wine country or Paso Robles.

*PRO-TIP Do you have a lust for adventure and a thirst for wine? Indulge both in Santa Margarita, located just 22 miles north of Pismo Beach. Zip along six thrilling ziplines over vineyards and beautiful SLO CAL backcountry at Margarita Adventures. Then, enjoy a wine tasting experience featuring wine grown from the vines you just flew over, at Ancient Peaks Winery just across the street from the tour office.*

## GAZE AT THE STARS

On the Central Coast we have clear, crisp views of the nighttime sky. Take a moment to gaze at the stars and enjoy the wonder around you. We have custom scopes in our guestrooms to aid in your discovery.
